20 One-Liners to Remember

Quick-fire facts for last-minute revision.

1. **CAIIB ABM (Advanced Bank Management) has four modules.**
   The four modules are Statistics, HRM, Credit Management, and Compliance & Corporate Governance.

2. **Module A of ABM is Statistics.**
   Statistics is a numerical, formula-driven module considered highly scoring with practice.

3. **Module B of ABM is Human Resource Management (HRM).**
   HRM is a light, theory-heavy module known for straightforward one-mark questions.

4. **Module C of ABM is Credit Management.**
   Credit Management blends conceptual and numerical questions and is considered the core of banking.

5. **Module D of ABM is Compliance in Banks & Corporate Governance.**
   This module is rule-based and rewards memory-driven revision.

6 **CAIIB has 4 compulsory papers: ABM, BFM, ABFM and BRBL.**

These stand for Advanced Bank Management, Bank Financial Management, Advanced Business & Financial Management, and Banking Regulations & Business Laws.

7 **CAIIB candidates choose one elective from 5 options alongside the 4 compulsory papers.**

The elective options include Central Banking, Rural Banking, HRM, IT & Digital Banking, and Risk Management.

8 **Statistics topics in ABM include Measures of Central Tendency, Dispersion, Correlation & Regression and Probability.**

These formula-driven topics recur consistently in the CAIIB ABM Statistics module.

9 **Credit Management topics in ABM include Working Capital, Term Loan Appraisal and NPA Management.**

These are deep, application-based topics testing understanding rather than rote learning.

10 **HRM topics in ABM include Motivation Theories, Performance Appraisal and Training & Development.**

These generate straightforward, easy-to-revise one-mark questions.

11 **Compliance & Governance topics in ABM include Internal Controls, Fraud Risk and Corporate Governance pillars.**

This module rewards memorising rules and regulatory roles.

12 **CAIIB is conducted by IIBF (Indian Institute of Banking & Finance).**

IIBF designs and administers the CAIIB examination, including the ABM paper.

13 **CAIIB is typically conducted twice a year, in cycles around May-June and November-December.**

Exact dates should be confirmed on the latest official IIBF notification.

14 **A commonly suggested strategy is to master at least 3 of the 4 ABM modules thoroughly.**

Being strong in three modules is considered safer than being shaky across all four.

15 **Module A (Statistics) and Module C (Credit Management) are described as the highest-priority ABM modules.**

These two modules carry the most scoring weight and decide most candidates' results.

16 **Modules B (HRM) and D (Compliance) are described as quick-win, easy-revision modules.**

Both are theory-heavy and can be revised quickly compared with the numerical or application-heavy modules.

17 **Financial Statement Analysis and Credit Rating are highlighted topics within Credit Management.**

These topics blend theory with small calculations, testing understanding over memorisation.

18 **Attempting weekly mock tests is recommended while preparing for CAIIB ABM.**
Regular mock tests build speed and exam temperament ahead of the actual exam.

19 **Solving Statistics numericals daily is recommended to build formula fluency for ABM.**
Consistent daily numerical practice is suggested over last-minute cramming for this module.

20 **Exact ABM exam pattern, marks and passing criteria should be confirmed on the latest official IIBF notification.**
IIBF can revise the pattern between attempts, so candidates should verify current details before the exam.
