20 True or False

Decide, then check the answer and reason below each statement.

Question 1

CAIIB ABM (Advanced Bank Management) has four modules.

TRUE

The four modules are Statistics, HRM, Credit Management, and Compliance & Corporate Governance.

Question 2

Module A of ABM is Human Resource Management.

FALSE

Module A is Statistics; HRM is Module B in the ABM paper structure.

Question 3

Module C of ABM is Credit Management.

TRUE

Credit Management is Module C and is considered a core, high-priority topic.

Question 4

Module D of ABM is Statistics.

FALSE

Module D is Compliance in Banks & Corporate Governance; Statistics is Module A.

Question 5

CAIIB has 4 compulsory papers: ABM, BFM, ABFM and BRBL.

TRUE

These stand for Advanced Bank Management, Bank Financial Management, Advanced Business & Financial Management, and Banking Regulations & Business Laws.

Question 6

CAIIB candidates must clear all 5 elective papers in addition to the compulsory ones.

FALSE

Candidates choose only one elective from 5 options, not all of them.

Question 7

Information Technology & Digital Banking is one of the CAIIB elective options.

TRUE

It is listed among the 5 elective choices alongside Central Banking, Rural Banking, HRM and Risk Management.

Question 8

Statistics in ABM includes topics like Correlation & Regression and Probability.

TRUE

These are formula-based topics that recur consistently in the Statistics module.

Question 9

Credit Management in ABM covers Working Capital and NPA Management.

TRUE

These are application-based topics forming the conceptual core of the Credit Management module.

Question 10

HRM topics in ABM are considered heavily numerical and formula-driven.

FALSE

HRM is described as light, readable theory generating straightforward one-mark questions.

Question 11

Compliance & Governance in ABM covers Internal Controls and Fraud Risk.

TRUE

This module also covers the roles of the compliance function and corporate governance pillars.

Question 12

CAIIB is conducted by the Indian Institute of Banking & Finance (IIBF).

TRUE

IIBF designs and administers the CAIIB examination, including the ABM paper.

Question 13

CAIIB is conducted only once every two years.

FALSE

CAIIB is typically conducted twice a year, in cycles around May-June and November-December.

Question 14

A commonly suggested strategy is to master all 4 ABM modules equally and skip mock tests.

FALSE

The recommended approach is mastering at least 3 modules thoroughly while practising with mock tests.

Question 15

Module A (Statistics) and Module C (Credit Management) are considered the highest-priority ABM modules.

TRUE

These two modules carry the most scoring weight and are described as deciding most candidates' results.

Question 16

Modules B (HRM) and D (Compliance) are considered the hardest and most time-consuming modules.

FALSE

These modules are described as quick-win, theory-heavy modules that are easy to revise fast.

Question 17

Financial Statement Analysis is a topic within the Credit Management module.

TRUE

It blends theory with small calculations, testing understanding of banking credit concepts.

Question 18

Mock tests are considered unnecessary for CAIIB ABM preparation.

FALSE

Weekly mock tests are recommended to build speed and exam temperament.

Question 19

Daily numerical practice is recommended for the Statistics module of ABM.

TRUE

Consistent daily practice is suggested to build formula fluency rather than last-minute cramming.

Question 20

The exact ABM exam pattern and passing criteria never change and require no verification.

FALSE

IIBF can revise the pattern between attempts, so candidates should confirm details on the latest official notification.
