20 One-Liners to Remember

Quick-fire facts for last-minute revision.

1. **The IIBF Prevention of Cyber Crimes and Fraud Management certificate is open to both members and non-members.**
No IIBF membership is required to register for this certificate exam.

2. **Minimum eligibility for this IIBF certificate is a pass in the 12th standard or equivalent in any discipline.**
No prior banking experience is mandatory to appear.

3. **The exam has 120 multiple-choice questions for a maximum of 100 marks.**
This is the objective exam pattern published for the certificate.

4. **The passing score for this exam is 60 marks out of 100.**
Candidates need 60 marks to clear the certificate exam.

5. **The exam duration is 2 hours.**
This gives candidates roughly a minute per question across 120 MCQs.

6. **There is no negative marking in the Prevention of Cyber Crimes and Fraud Management exam.**
Candidates are advised to attempt every question since wrong answers are not penalised.

7 **The exam is conducted online in Remote Proctored Mode (RPM).**
RPM lets candidates take the exam from a location of their choice under video and microphone monitoring.

8 **IIBF exams under RPM must be taken on a desktop or laptop, not a mobile phone or tablet.**
This is a stated rule to preserve exam integrity and compatibility.

9 **The exam medium for this certificate is English.**
This is listed as the sole medium in the exam quick facts.

10 **The syllabus is organised into four modules: Cyber Crime Overview, Fraud Management, Electronic Transactions, and Cyber Laws & Regulatory Compliance.**
These four modules structure the full syllabus for the certificate.

11 **IIBF advises candidates to read IIBF VISION and BANK QUEST to stay current on fraud cases and regulatory thinking.**
Both are periodicals published by IIBF that can inform exam-relevant developments.

12 **IIBF fixes a cut-off date for each exam cycle so candidates are only expected to know developments up to that date.**
This protects candidates from having to track endless ongoing regulatory updates.

13 **Clearing IT Security, Information System Banker, and Prevention of Cyber Crimes and Fraud Management together qualifies a candidate for the DISA diploma.**
DISA stands for Diploma in Information System Audit and requires all three certificate exams under the revised syllabus.

14 **DISA stands for Diploma in Information System Audit.**
It is awarded after clearing three related IIBF certificate exams.

15 **Registration fees for IIBF certificate exams differ for members and non-members, with 18% GST applied on the base fee.**
The fee structure includes a base amount plus applicable GST.

16 **Candidates must register and pay separately for each exam attempt, including re-attempts.**
There is no free re-take; the same fee structure applies again.

17 **The Result Advice for this exam is declared on the official IIBF website for download.**
The printed result carries the signature of the Joint Director - Examinations.

18 **Candidates who cleared any of the three DISA-linked exams under the old syllabus before May 2017 must clear them again under the revised syllabus.**
This is a stated eligibility condition for obtaining the DISA certificate.

19 **Module 3 of the syllabus, Electronic Transactions, covers payment cards, data security, and electronic card fraud.**
This module focuses on securing online and card-based transactions.

20 **Registration windows for this IIBF exam close before the exam date and late registration is not allowed.**
Candidates are advised to register early since slots can fill up.
